COMPANY OVERVIEW

About Us

Regal Woven Sacks Private Limited, established on 23 March 2007, is a leader in the packaging industry. We specialize in producing POF (Polyolefin) Shrink Film and BOPP Laminated PP Woven Bags, proudly serving some of India's top companies. Our dedication to quality and timely delivery has earned us a reputation for reliability and excellence. We have built strong and lasting relationships with our valued customers by consistently providing high-quality products and meeting deadlines.

MISSION & VISION

Mission

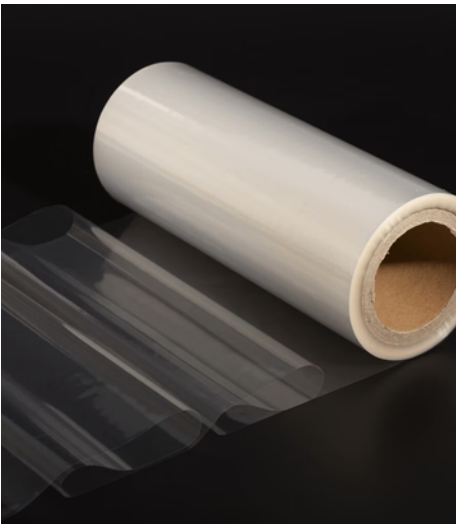

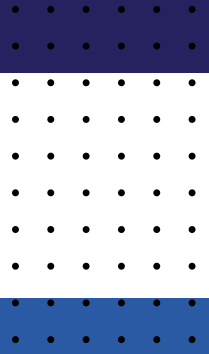

Our mission at Regal Woven Sacks Company is to revolutionize the packaging industry by delivering innovative, sustainable, and high-quality solutions that exceed our customers' expectations. We are committed to providing superior products and services while upholding the highest standards of integrity, environmental responsibility, and social accountability.

Vision

Our vision is to become the preeminent global leader in the packaging industry, known for our unwavering dedication to excellence, sustainability, and customer satisfaction. By leveraging cutting-edge technology, fostering a culture of continuous improvement, and prioritizing the well-being of our employees and the environment, we aim to shape the future of packaging worldwide.

OUR PRODUCTS

01 POF SHRINK FILM

Our POF Shrink Film offers superior clarity, strength, and durability. It ensures a perfect finish and provides excellent protection for your products, making it an ideal choice for various needs.

02 BOPP Laminated PP Woven Bags

Our BOPP Laminated PP Woven Bags combine strength and visual appeal. These bags are designed for durability and high-quality printing, making them perfect for packaging goods.

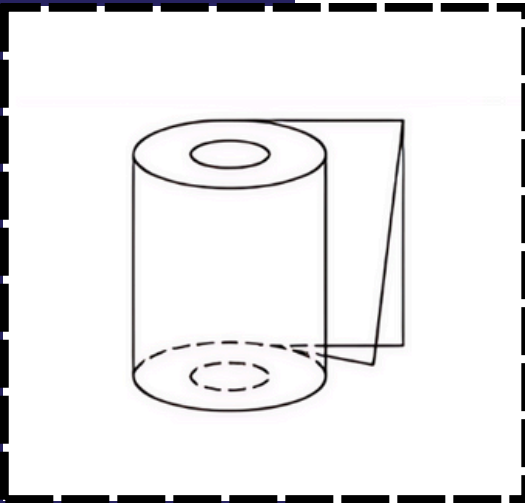

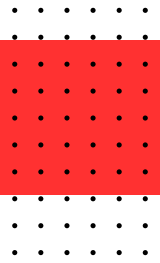

POF SHRINK FILM

POF (Polyolefin) shrink film is a type of plastic packaging material known for its versatility, durability, and clarity. POF shrink film is widely used for packaging a variety of products across different industries, including food, beverages, electronics, cosmetics, pharmaceuticals, and more.

POF shrink film is available in different thicknesses and widths to accommodate various packaging needs.

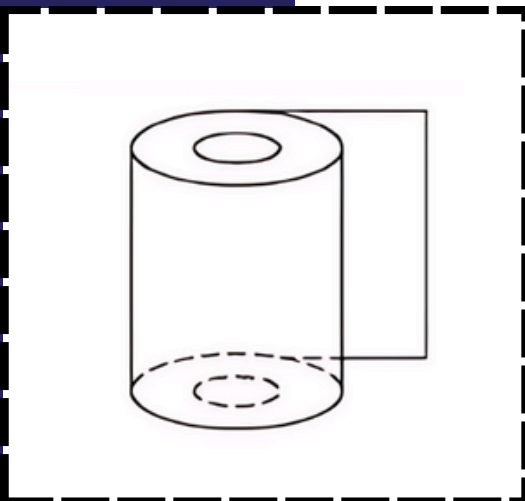

POF shrink film offers excellent puncture resistance, ensuring that packaged products remain protected from tears, punctures, and other damages during transit and storage.

PRODUCT RANGE

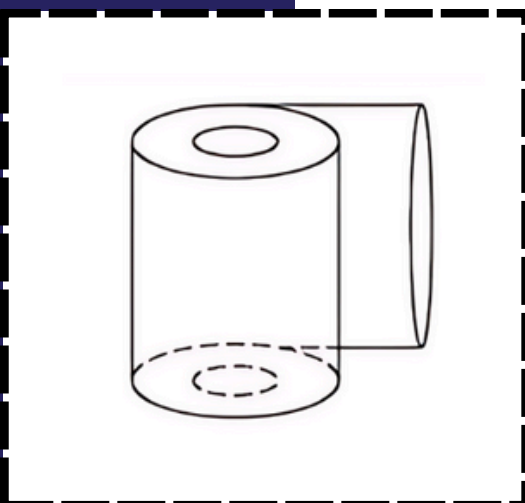

CENTER-FOLDED

POF center-folded shrink film is folded in half along its width, resulting in a convenient flat sheet with an open side

SINGLE-WOUND

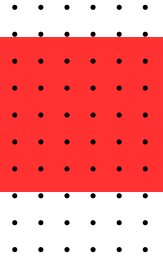

POF single-wound shrink film is wound onto a roll with a single layer, providing a continuous sheet of film

TUBE

POF shrink tube is a seamless, cylindrical tube of shrink film with open ends

APPLICATIONS

STATIONARY

POF shrink film provides durable protection and professional presentation for notebooks, shielding against moisture, dust, and damage while showcasing their quality on retail shelves.

CORRUGATED BOXES

POF shrink film enhances the presentation of gifts such as toys, ensuring they arrive in pristine condition while offering an attractive display that captivates recipients.

FRUITS AND VEGETABLES

It offers a protective barrier against external elements such as dust, dirt, and moisture, keeping the produce fresh and extending its shelf life.

BOPP Laminated Woven Bags

We are committed to using high-quality materials to manufacture BOPP laminated PP woven bags that meet industry requirements and regulations. Our bags are known for their perfect finish, long-lasting durability, and superior quality, making them a popular choice for a wide range of applications.

We are supported by state-of-the-art infrastructure, fully equipped with the latest machines and equipment.

This advanced setup allows us to maintain precision and consistency in our manufacturing processes, ensuring that every bag we produce meets the stringent quality requirements of our clients.

PRODUCT RANGE

1) WPP-BOPP POINTED AND LAMINATED PINCH BOTTOM BAGS

We are one of the few manufacturers of Pinch Bottom Bags in India. A new concept introduced in Indian market, Pinch Bottom Bags are made of BOPP laminated PP Woven Fabric material.

2) WPP-BOPP POINTED AND LAMINATED BAGS

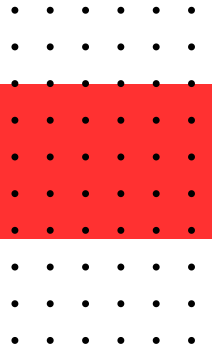

BOPP bags have brought in a new improved technology and attractive methods in bulk packaging for 5 kg to 75 kg packs. As many as 8 colors can be printed on a single bag.

3) WPP-FLEXO POINTED AND LAMINATED BAGS

We can offer FLEXO bags with PP Multicolor printed and laminated on single side as well as both sides.

APPLICATIONS

RICE

Our durable woven bags ensure safe storage and transportation of rice, maintaining its quality from harvest to table.

FEED

Designed to preserve feed's nutritional value, our sturdy woven bags offer reliable protection during storage and transportation.

PULSES

Crafted to maintain freshness, our woven bags shield pulses from moisture and pests, ensuring they reach consumers in optimal condition.

OUR CLIENTS

We proudly serve some of India's major brands across various industries. Through our commitment to excellence and superior products, we have built strong and lasting relationships with our esteemed clients, ensuring their complete satisfaction with every order.
